Email: _____

This is a retrospective central radiology review. Real time FDG-PET central review can be requested on a case-by-case basis for clarification or adjudication of conflicting institutional imaging studies which may be helpful for clinical assessment (see section 12.2).

Diagnostic imaging and reports may be submitted via sFTP. For data sent via sFTP, a notification email should be sent to sFTP@qarc.org with the protocol # and registration # in the subject line. Please refer to QARC website for instructions on sending digital data (www.QARC.org).

Diagnostic imaging sent via a secure email or reports not sent via sFTP may be sent via email to datasubmission@qarc.org with the protocol # and registration # in the subject line.

DIAGNOSTIC IMAGING AND REPORTS:

DATE
SUBMITTED

The scans and reports noted below should be submitted for review at the following time points:

_____ **Pre-study imaging and radiology reports:**

_____ CT (neck, chest, abdomen and pelvis)

_____ FDG-PET

_____ **Post Cycle 2 imaging and radiology reports:**

_____ CT (neck, chest, abdomen and pelvis)

_____ FDG-PET

_____ **Post Cycle 4 imaging and radiology reports:**

_____ CT (neck, chest, abdomen and pelvis)

_____ FDG-PET

_____ **Progression imaging and radiology reports (if different from time point above):**

_____ CT (neck, chest, abdomen and pelvis)

_____ FDG-PET

_____ **Additional documentation/information needed for real-time FDG-PET review**

Imaging may also be submitted via Dicomunicator. CDs with the imaging and reports may also be sent via courier.
